

## CIRCULAR

**Date: 06.07.2022**

This is to bring to notice that our institution is adopting and implementing green policy as an initiative for adapting various green practices to be followed by our faculty members. The main motive of this policy is to bring awareness about the usage of bicycles along with the relaxed walking practice for making the body and mind of an individual fit for happy living, increase the green cover area of the institution for surrounding the campus with fresh oxygen supply, etc. Hence all the Head of the departments are instructed to inform the staff members (Teaching and Non- Teaching) to use the college transport, public transport and bicycle. The primary agenda for the above idea is to save fuel, to reduce traffic density and to protect the environment.
