REPORT OF THE PROGRAM

1	Program Name	Seminar on "No Smoking" Awareness
2	Date of program	14.09.2022
3	Resource person	Dr. S. SELVAKUMAR, AP/PHY
4	Participants	30
5	Objective of the Program	The main objective of the program is to create awareness about smoking among the student.
6	Program description	A seminar on "No Smoking" Awareness was organized by Our college on 14.09.2022 for students and faculty members. Dr.S.Selvakumar,AP/PHY was the resource person for the event. The resource person explained the effects of tobacco consumption on human health. The various diseases caused by tobacco are cancer, heart disease, stroke, lung diseases, diabetes and chronic pulmonary diseases. Smoking also increases the risk for tuberculosis, certain eye diseases and problems on immune system. All these diseases were explained with real life examples. The seminar helped to create awareness against tobacco consumption. At the end of the programme, feedback from the participants was collected.
7	Outcomes of the Program	Evaluation of the "No more smoking! It's time for physical activity" program showed encouraging results. People who try to quit smoking can become more physically active through targeted intervention and they regard PA as a significant aid in their efforts to quit smoking.

REPORT OF THE PROGRAM

1	Program Name	Seminar on "ETHICS FOR STUDENTS"
2	Date of program	12.10.2022
3	Resource person	Dr. R. Rajakumari
4	Participants	72
5	Objective of program	The main objective of the seminar is to give a students, Think for themselves about moral principles, values and virtues as well as concepts such as equal human worth, and make good decisions so that they may have good, productive lives in society.
6	Program description	<p>The program started with a welcome address and introduction to the resource person by Dr. A. Anna Lakshmi, Principal in charge. 150 students of all branches attended the seminar. She discusses the following factors; Student development theory provides a framework for empowering students in these life tasks.</p> <p>The five ethical principles that inform our work as student life professionals are 1) Autonomy, 2) Prevent Harm, 3) Do Good, 4) Justice, and 5) Fidelity.</p> <p>In the goal of autonomy, we recognize the need for students to become increasingly independent. With a clearer sense of self, students develop an increased sense of confidence and self-direction. Students must answer the question, "What does it mean to become independent and responsible? Secondly, within this increased sense of autonomy, we must prevent harm. However, avoiding harm is not an end in itself; we want to provide the opportunity to do good. Interacting within a campus context, we treat each other with equity. Student Life professionals value justice; recognizing that individuals are different, we retain objectivity in our perception of each other.</p> <p>The HOD motivated the students and conveyed the importance of the seminar. The session concluded with an interactive session between the Resource person and the students in which the queries of the students were addressed satisfactorily. The session was very clear, understandable and informative. The session ended with a vote of thanks by the program coordinator, Mr D. G. David, AP/CSE.</p>
7	Outcome of this program	It suggests bridging the gap between ethical theory and cases by learning ethical dilemmas and issues that are likely to be encountered in daily professional life.

REPORT OF THE PROGRAM

1	Program Name	Seminar on "AWARENESS PROGRAMME ON MEASURES TO CONTROL CYBER CRIME"
2	Date of program	13.12.2022
3	Resource person	Mr. D. G. David
4	Participants	36
5	Objective of program	The main objective of the Seminar is to address the issues of strategic prevention of cybercrime with the key focus on the measures to prevent cybercrime related to students and faculties.
6	Program description	<p>The program started with a welcome address and introduction to the resource person by Mr. M. A. Raja, Assistant Professor / Civil Department. 36 students of all branches attended the Seminar. The resource person explained in detail about cybercrime threats and how to prevent cybercrime related threats. The primary tool for such prevention is undoubtedly education aimed at establishing greater awareness and knowledge regarding illegal Internet content and cybercrime among students and faculties, as well as parents and educators. As many students have Smartphones, special attention should be paid to Smartphones and other mobile devices. Also he explained about how to Select the right privacy settings and content sharing filters on social media so that you are sharing your information, photos and videos only with your trusted ones.</p> <p>The HOD motivated the students and staff members and conveyed the importance of the Seminar. The session concluded with an interactive session between the Resource person, students and the faculties in which the queries of the teachers and students were addressed satisfactorily. The session ended with a vote of thanks by the program coordinator, Mr. R. Jeeva, AP/CSE.</p>
7	Outcome of this program	Faculties and students are able to protect themselves from cybercrime.
