REPORT OF THE PROGRAM

1	Program Name	Seminar on ADVANCES IN FINITE ELEMENT ANALYSIS.
2	Date of program	13.07.2016
3	Resource person:	Mr. M. A. Raja
4	Participants	15
5	Objective of program	The objective of advances in finite element analysis uses mathematical models to understand and quantify the effects of real world conditions on a part or assembly.
6	Program description	The program started with a welcome address and introduction to the resource person by Mr. T. Subash, Assistant Professor and MECHANICAL Department. 15 faculty members attended the seminar. The resource person explained in detail about Advances in finite element analysis, The finite element method forms an important branch of computational mechanics and applied mathematics, and it has been broadly adopted in scientific research and engineering applications. The session concluded with an interactive session between the instructor and the Staff in which the queries of the staff were addressed satisfactorily. The session ended with vote of thanks by, Mr. P. Prabakaran AP/MECHANICAL.
7	Outcome of this program	The staff got knowledge on advances in finite element analysis and its applications.

REPORT OF THE PROGRAM

1	Program Name	Seminar on FUNDAMENTALS OF DYNAMICS.
2	Date of program	05.12.2016
3	Resource person	Mr. S.RajaMuniyaSamy
4	Participants	13
5	Objective of program	The objective of fundamentals of dynamics is to develop the capacity to predict the effects of force and motion while carrying out the creative design functions of engineering.
6	Program description	The program started with a welcome address and introduction to the resource person by Mr.AL. Karthikeyan, AssistantProfessor and HOD of MECHANICAL Department. 13 faculty members attended the seminar. The resource person explained in detail about fundamentals of dynamics. This course covers the material typically included in a first university course in engineering mechanics: Dynamics. The focus of the course is on the fundamentals of dynamics and also is concerned with the study of forces and their effects on motion.The session concluded with an interactive session between the instructor and the Staff in which the queries of the staff were addressed satisfactorily. The session ended with vote of thanks by, Mr. P. Prabakaran AP/MECHANICAL
7	Outcome of this program	The staff get knowledge on Fundamentals of Dynamics And its applications.

REPORT OF THE PROGRAM

1	Program Name	Seminar on Energy Production Distribution and Safety.
2	Date of program	18.02.2017
3	Resource person:	Mr. S. Sundararaj
4	Participants	10
5	Objective of program	The main objective of the webinar is to give a clear insight to the staff on energy production distribution and safety.
6	Program description	The program started with a welcome address and introduction to the resource person by Mr. E. Subramanian, AP/EEE. 10 faculty members of the EEE department attended the webinar. The resource person explained in detail about energy production distribution and safety. Resource person started with the absolute basics of energy production and he discussed its distribution and safety. Towards the end he briefed the topic safety measures during energy production. The session concluded with an interactive session between the instructor and the staff in which the queries of the teachers were addressed satisfactorily. The session was very clear, understandable and informative. The session ended with a vote of thanks by the program coordinator, Mr. E. Subramanian, AP/EEE.
7	Outcome of this program	The staff gained knowledge on energy production distribution and safety.

<u>REPORT OF THE PROGRAM</u>		
1	Program Name	Training Program on "Electrical Safety and Maintenance"
2	Date of program	26-08-2016
3	Resource person:	Mr. E. Subramanian
4	Participants	30
5	Objective of program	The objective of the program Safety related work practices are employed to prevent electric shock or other injuries resulting from either direct or indirect electrical contact when work is performed near or on equipment or circuits which are or may be energized.
6	Program description	<p>The program started with a welcome address and introduction to the resource person by Ms. Dr. R. Rajakumari, HOD of S&H Department. 30 members participated in the program and our Chairman Mr. Paulraj along with our Principal, Dr. K. Asan Mohideen were led that event. The following points were discussed:</p> <ul style="list-style-type: none">• The issues (statistics) associated with poor electrical safety in the Workplace.• Describe the intent of an Electrical Safety Program and list the Essential elements of an effective program.• List types of electrical hazards to personnel and describe the nature of the hazards related to:<ol style="list-style-type: none">1. Electric shocks, arcs and blasts2. Fault current and potential difference3. Electrical safety in industrial plants• Define and differentiate between qualified and unqualified persons.• Describe other safety related work practices to protect from electrical hazards including:<ol style="list-style-type: none">1. Selection and use of work practices2. De-energized work practices3. Energized work practices4. Approach boundaries and approach distances
7	Outcome of this program	The staff got knowledge of Electrical Safety and Maintenance.
